

INTERNATIONAL WORK

GIBRALTAR

Eclipse has worked extensively with the Government of Gibraltar Department of Education and Training since 1998.

Key features of this work include:

Training for the introduction of the Literacy and Numeracy Strategies.

Development and implementation of a modular diploma in SEN through a leading UK University.

Development of programmes of school self-evaluation and focused monitoring visits.

Development of Performance Management programmes.

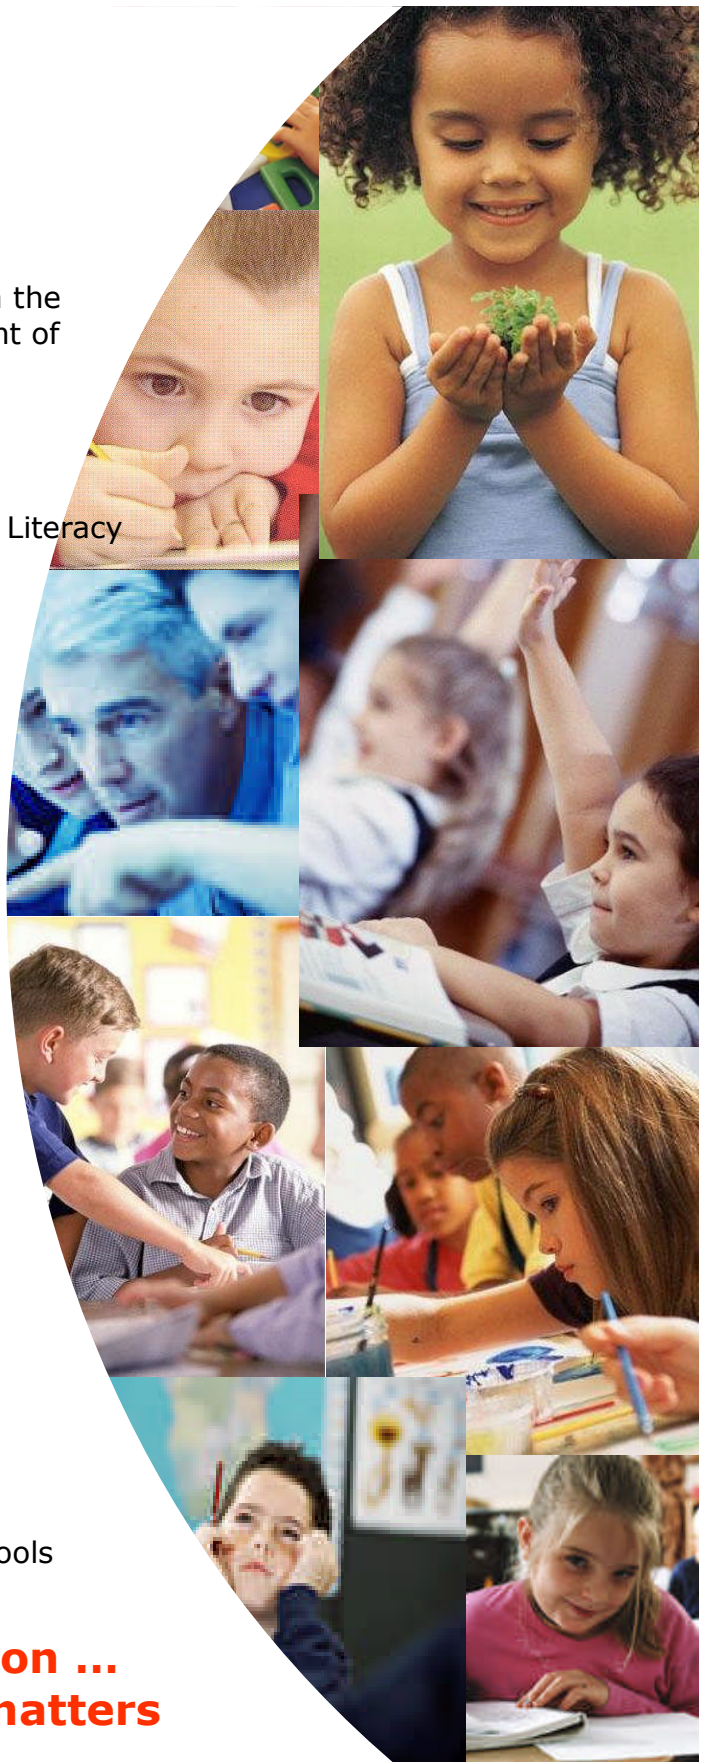

Implementation of a Post-Graduate Masters in educational management with a leading UK University.

Training and consultancy with individual schools in school improvement planning.

Ongoing curriculum development with secondary schools, working with UK examination bodies.

Development of a coherent continuous 14-19 curriculum, in conjunction with the secondary schools and 14-19 college.

**Transforming education ...
because every child matters**
